

## WHY WORK FOR STOCKSIGNS?

The Stocksigns Group, based on the Holmethorpe Industrial Estate in Redhill, is one of the UK's leading signage companies.

The group comprises of three separate business streams. Stocksigns, the leading provider of Health and Safety signage, First Call Signs, who provide temporary signage to the construction industry and Messagemaker Displays, who provide an array of digital LED signs to a variety of businesses.

With a rich history spanning over 60 years, we are fully committed to providing our customers with the very best service and the highest quality signage. In order to achieve this, we employ a dedicated workforce of whom we are justifiably proud. Our multi-skilled team include experts in design, installation, production, sales, marketing, accounts and much more.

As a small, privately owned company you will have the opportunity to learn new skills, undertake work based training, experience all areas of the business and have a real understanding of how the work you do fits in to the bigger picture. What's more, with regular bonuses and incentives to work towards, all the team share when the company celebrates success.

More than that, we appreciate that all work and no play, does not make for a happy life. As such, we like to enjoy our time at work, whether this is a fun day raising money for our corporate charities, a team night out or the odd bacon butty on dress down Fridays.

If this sounds like the kind of company you would like to work for, we are now looking for two young, dynamic individuals to be part of our future plans;

- Print Production Trainee – Stocksigns Group
- LED Trainee Technician – Messagemaker Displays

Please see overleaf for the full details of what we are looking for...

## **LED TRAINEE TECHNICIAN**

### **THE ROLE**

To support Messagemaker Display's technical requirements in pre-dispatch LED sign configuration, testing to meet order specification and on-site installation. This will include quality checks and liaising with sales and engineering staff. Comprehensive training will be provided for the necessary software, equipment and process to ensure high levels of quality standards are met. We require an individual with either a practical or personal interest in electrical engineering software.

**REPORTING TO:** Senior Technical Engineer

**BRAND:** Messagemaker Displays

### **KEY RESPONSIBILITIES**

- Management of workshop / service area.
- Installation & commissioning of LED products, systems and training for clients.
- Testing, fault diagnoses and repair of faulty products.
- Providing technical support to clients over the phone and email.

### **SKILLS AND ABILITIES**

- Computer literate with good literacy skills.
- Basic knowledge of electrical and electronic systems.
- Good level of IT skills.
- An interest in new technologies.

### **PERSONAL QUALITIES**

- Good team player
- Eager to learn new software
- Enthusiastic
- Punctual
- Problem solving skills
- Interest in the electronics and LED display industry

To express your interest in the role of LED Technician Trainee, please email your CV to [info@messagemaker.co.uk](mailto:info@messagemaker.co.uk).

## **PRINT PRODUCTION TRAINEE**

### **THE ROLE**

To work as part of a busy team in the Stocksigns digital studio. This will involve operating large format printers and application equipment to produce signs ranging from standard health and safety signs, photo wallpaper, acrylics to way finding signs and more. The role will include sign application, quality checks, liaising with other staff in the company and comprehensive training for all the necessary software, equipment and administration.

**REPORTING TO:** Digital Production Manager

**BRAND:** Stocksigns Group

### **KEY RESPONSIBILITIES**

- Working with the latest technology in the digital print industry, such as a large format roll to roll printers, Large format UV printers, router and cutting table.
- You will also be learning the latest software such as Adobe Illustrator and Caldera RIP.

### **SKILLS AND ABILITIES**

- Computer literate with good literacy skills.
- Positive attitude and willingness to learn.

### **PERSONAL QUALITIES**

- Interest in Digital Print
- Be a good team player but also have the ability to work unsupervised at times
- Eager to learn and take on all aspects of print production
- Enthusiastic
- Punctual
- Keen eye for detail

To express your interest in the role of Print Production Trainee, please email your CV to [info@stocksigns.co.uk](mailto:info@stocksigns.co.uk).
